St Andrew's Primary

Authority Strategic Statement

Building Inverclyde through excellence, ambition and regeneration.

Goals and Values

Our Core values are: Respect, Honesty and Tolerance.

Our vision for the children and young people of Inverclyde is that they should be ambitious for themselves and be successful learners, confident individuals, responsible citizens and effective contributors.

To achieve our ambition of building Inverclyde through excellence, ambition and regeneration our children must be:

Safe: protected from abuse, neglect and harm by others at home, school and in the community.

Healthy: enjoy the highest attainable standards of physical and mental health, with access to healthy lifestyles.

Achieving: have access to positive learning environments and opportunities to develop their skills, confidence and self-esteem to the fullest potential.

Active: active with opportunities and encouragement to participate in play and recreation including sport.

Respected and responsible: involved in decisions that affect them, have their voices heard and be encouraged to play an active and responsible role in their communities.

Included: have access to high quality services when required and should be assisted to overcome the social, educational, physical, environmental and economic barriers that create inequality.

Nurtured: educated within a supportive setting.

Dear Parents and Carers,

I am delighted to welcome you to St. Andrew's Primary School. I hope you find our handbook helpful and useful.

Along with you, as first educators, we aim to provide an active, fun education for your children, which will enable them to use their God-given talents while developing and nurturing new ones, in order to fulfil their potential in every way.

At the centre of our work is the good and benefit of every St. Andrew's child. To develop as Responsible Citizens, Successful Learners, Effective Contributors and Confident Individuals we must ensure they are, and feel, Safe, Healthy, Achieving, Nurtured, Active, Respected, Responsible and Included. We welcome you in to the school and I ask that you do not hesitate to call or visit with any query or request.

I look forward to getting to know you and your family as we work together in developing our St. Andrew's community

Yours sincerely

Alan Connick
Head Teacher

Our values: Honesty Respect Responsibility

Our Vision, Values and Aims

Our Vision:

Working together to ensure an active, fun education which enables learners to use their God-given talents while developing and nurturing new ones, in order to fulfil their potential in every way. At the centre of our work is the good and benefit of every St. Andrew's child.

To develop as Responsible Citizens, Successful Learners, Effective Contributors and Confident Individuals we must ensure they are, and feel, Safe, Healthy, Achieving, Nurtured, Active, Respected, Responsible and Included.

Our aims:

Working within 'Curriculum for Excellence' we strive to provide the highest quality learning and teaching. We try to ensure that all our children attain and achieve their full potential and acquire the full range of skills and abilities relevant to growing, living and working in the modern world.

We aim for our pupils to become:

SUCCESSFUL LEARNERS by providing the highest quality learning and teaching to ensure all our children achieve their potential

CONFIDENT INDIVIDUALS by encouraging self-respect, ambition, and a sense of physical, mental and emotional well-being with secure values and beliefs and by valuing and celebrating each child's attainment and achievement.

RESPONSIBLE CITIZENS by developing and fostering positive attitudes and skills for all pupils enabling them to have respect for themselves and others. We aim for our pupils to know and be proud of Scotland and our culture and to explore the culture of other countries.

EFFECTIVE CONTRIBUTORS by encouraging enterprising attitude, resilience independent learning skills and the ability to work as part of a team.

We aim to get it right for every child and to provide a caring environment in which all children feel safe, healthy, active, respected and responsible, included and nurtured.

St Andrew's is a Denominational Co-educational Primary School

We are proud to be part of the Scottish Government's Attainment Challenge to increase the life chances and tackle the attainment gap of those less well off in our country.

School Information

Capacity

Present Roll 252 Agreed Capacity 394

Parents should note that the working capacity of the school may vary dependent upon the number of pupils at each stage and the way in which the classes are organised.

Roll at Each Stage:

Primary 1	30
Primary 2	32
Primary 3	36
Primary 4	42
Primary 5	37
Primary 6	32
Primary 7	43

School Staff List

Class teachers

Primary 1	Keri Middlesworth
Primary 2/1	Gillian Deveney 0.8 FTE
Primary 3/2	Katryn Crawford (NQT)
Primary 3	Sharon Thomson
Primary 4	Florence Thomson
Primary 5/4	Colette Gisbey
Primary 5	Elaine Millar
Primary 6	Paula McEwan
Primary 7a	Hannah Adams (NQT)
Primary 7b	Andrew Bryce (temp 0.8)
RCCT Teacher	Jacqueline Steel
RCCT Teacher	Carol Boyle PT
Nurture Teacher	Ms Kirsty McLean
Support for Learning Teacher	Barbara McLean 0.1 FTE
S for L / RCCT	Julie Carroll

Support Staff

Pamela Watt – Senior Clerical Assistant
Eileen Wilson – Clerical Assistant

Ian McLaren – Classroom Assistant
Janice Burns – Classroom Assistant
Moira Cook – Classroom Assistant
Linda Clarke – Classroom Assistant
Jacqueline Smith – Classroom Assistant
Julie McClure – Classroom Assistant
Isabel Parker – ASN
Yvonne Lynch – ASN
Rosemary Gillen – ASN
Hilary Robertson – ASN (temp)
Aileen Gilchrist – EYCO
Evelyn White - EYCO
Mina Malcolm – Catering Manager
Gordon Millar – Janitor

Daily Timetable

School Opens:	9.00am
Interval:	10.30 – 10.45am
Lunch:	12.30 – 1.15pm
School Closes:	3.00pm

Primary 1 only attend in the mornings (9.00am – 12.30pm) until September weekend holiday.

On rainy,cold mornings pupils assemble in the school hall.

Promoted Staff and Remits

Alan Connick – Head Teacher

Overall responsibility for the running of the school

Management Issues

Pastoral care of all staff and pupils

Parental Communications

Class organisation / Staff allocation

Curriculum support – Primary 4-7

Resourcing

School budget

Staff Development and support

Pupil Support

School Policies

ePips co-ordinator

Attainment Challenge Implementation representative

Ian Gillies – Depute Head Teacher

Pastoral care

Deputising for HT as required

Student/NQT co-ordinator

GIRFEC /Additional Support Needs co-ordinator

Staff development

Sacramental Preparation

Support to colleagues

Carol Boyle – Principal Teacher

Teach class as assigned – currently RCCT

Co-ordinator for Health and Wellbeing

GIRFEC Champion

1+2 Languages Co-ordinator

Enrolment

Legislation has given parents freedom regarding choice of school for their children.

It is however necessary for children to be registered for education at the school in their catchment area. Therefore parents may, if they wish, make a placing request to have their child enrolled in a school other than that which services their area. If a placing request to another school is being considered, the Head Teacher should be informed and will give the parents the necessary forms etc.

Children due to start school in August and who reside in St Andrew's catchment area, register here in January. A notice always appears in the Greenock Telegraph giving details of dates. Information regarding parental rights and all other matters concerning registration and enrolment will be given to parents on registration or indeed at any other time on request.

The same procedure applies to children who move into this area in the course of the session. They should be registered here but again it is open to parents to make a placing request for any other school.

Anyone wishing to enrol their children at St Andrew's Primary School, should telephone the school – 715806 – for an appointment with the Head Teacher Mr Connick.

Pupils within the catchment area of St Andrew's School who live over a mile away are entitled to free transport, please contact the education offices or the school for an application form.

Transition arrangements

We arrange for pre-school pupils to visit the school in May and June. This gives the children, who will be starting school in August the opportunity to get to know the teachers, visit the classroom etc, so he/she finds it easier to settle down when school begins. It also gives parents a chance to find out what their child will be doing in school and how best they can prepare him/her. Topics such as writing, phonics, reading, counting, the school health programme etc, are also discussed.

We work closely with Larkfield Children's Centre to ensure a smooth passage from there to our school.
Staff from St. Andrew's visit other early years establishments to get to know the pupils who will be starting with us in August.
If required we arrange extra visits for pupils to the school.

School Calendar 2017 – 2018

Return date for teachers - Tuesday 15 August 2017

In-service day - Tuesday 15 August 2017

In-service day - Wednesday 16 August 2017

Return date for pupils - Thursday 17 August 2017

Schools close - Friday 01 September 2017

Local holiday - Monday 04 September 2017

Return date - Tuesday 05 September 2017

Schools close - Friday 13 October 2017

First mid-term - Monday 16 October 2017 - Friday 20 October 2017 (inclusive)

In-service day - Monday 23 October 2017

Return date for teachers - Monday 23 October 2017

Return date for pupils - Tuesday 24 October 2017

Schools close - Wednesday 20 December 2017

Christmas holiday - Thursday 21 December 2017 - Wednesday 03 January 2018 (inclusive)

Return date for teachers - Thursday 04 January 2018

Return date for pupils - Thursday 04 January 2018

Schools close - Friday 09 February 2018

Second mid-term - Monday 12 February 2018 - Tuesday 13 February 2018 (inclusive)

In-service day - Wednesday 14 February 2018

Return date for teachers - Wednesday 14 February 2018

Return date for pupils - Thursday 15 February 2018

Schools close - Thursday 29 March 2018

Good Friday - Friday 30 March 2018

Easter Monday - Monday 02 April 2018

Easter holiday - Monday 03 April 2018 - Monday 16 April 2018 (inclusive)

Return date for teachers - Tuesday 17 April 2018

Return date for Pupils - Tuesday 17 April 2018

May day - Monday 07 May 2018

Return date for teachers - Tuesday 08 May 2018

Return date for pupils - Tuesday 08 May 2018

Schools close - Thursday 24 May 2018

May holiday - Friday 25 May 2018 - Monday 28 May 2018 (inclusive)

In-service day - Tuesday 29 May 2018

Return date for teachers - Tuesday 29 May 2018

Return date for pupils - Wednesday 30 May 2018

Schools close - Thursday 28 June 2018

Summer Holiday - Friday 29 June 2018 - to be confirmed

Child Protection

Inverclyde Council Education Services has Child Protection Guidelines and Procedures which all schools and establishments are required to follow. Education Services work very closely with other agencies namely Police Scotland, Social Work Services, NHS Greater Glasgow and Clyde and the Children's Reporter to support children. Common responsibilities of all staff are to protect children from abuse and exploitation, to respond appropriately when abuse is identified, and to ensure whenever possible that all children are able to exercise their right to be raised in a warm, stimulating and safe environment with the support of staff, their families and carers.

Equalities

Inverclyde Education Service is committed to ensuring that no children or members of staff or service users receive less favourable treatment on any ground including gender, race, disability, age, sexual orientation, religion or belief. We have a moral, social and legal obligation to mainstream and put equality at the heart of everything we do. We aim to promote a culture in which equality of opportunity exists for all. We are opposed to all forms of discrimination, direct or indirect, and aim to eliminate all discriminatory practices. We will ensure that, in our schools and other educational establishments, equality permeates the curriculum and underpins all our policies and practices in terms of access to education. We must ensure that all our children achieve their full potential to develop physically, emotionally and academically. Finally, we believe that equality and inclusion should be a given right, where everyone is valued and treated with respect.

Curriculum For Excellence

The curriculum framework for all Scottish educational establishments 3 – 18, called Curriculum for Excellence, offers better educational outcomes for all young people and provides more choices and more chances for those young people who need them.

The aims of Curriculum for Excellence are that every child and young person should:

Know they are valued and will be supported to become a successful learner, an effective contributor, a confident individual and a responsible citizen;

Experience a traditionally broad Scottish curriculum that develops skills for learning, skills for life and skills for work, with a sustained focus on literacy and numeracy that encourages an active, healthy and environmentally sustainable lifestyle and builds an appreciation of Scotland and its place in the world.

The experiences and outcomes under Curriculum for Excellence are written at five levels, with progression to qualifications described under the senior phase.

Early Level – the pre school years and P1 or later for some

First Level – to the end of P4, but earlier for some

Second Level – to the end of P7, but earlier for some

Third and Fourth – S1 to S3, but earlier for some

Senior Phase – S4 to S6 and college or other means of study

ORGANISATION OF THE CURRICULUM

The curriculum is organised under eight headings but every effort is made to link areas of the curriculum together to make learning more real and relevant.

The eight areas are: Languages, Mathematics, Health and Well Being, Social Studies, Technologies, Expressive Art, Religious and Moral Education and Science.

In the next few pages we have a brief description of each area. Central to all areas of the curriculum is the methodology used by the teacher and the need to engage our pupils in their learning.

We are always looking for new, innovative ways to enhance pupil learning. A particular area of interest is outdoor learning.

Mathematics and Numeracy

A variety of excellent resources are used for the teaching of Mathematics. We encourage an “active” approach to learning in all classes. Daily oral and mental maths and basic number work is fully covered and attention is given to each of the areas of Information handling; Shape, Position and Movement; number, Money and Measure and Problem Solving.

Language and Literacy

Language is at the core of thinking and at the centre of our learning. Through language our pupils gain much of their knowledge and many of their skills across the curriculum. The four main components of language are:

Talking & Listening ,Reading, Writing

The importance of Spoken English is emphasised in St Andrew's School. From Primary 1 children are encouraged to develop their skills in talking and to articulate their learning.

At the early stages of reading Jolly Phonics is our initial phonics programme. This then progresses to Jolly Grammar. A wide range of reading texts is used in all classes. Reading for pleasure, as well as for information, is encouraged throughout the school and we have well-stocked libraries.

Writing

The area of Written English includes work on the techniques of language (punctuation, grammar, and spelling) which help the children to produce work which can be read and understood by others – work such as factual reports, imaginative stories, etc. We encourage the highest standards in the presentation of written work and foster the pupils' ability to express themselves in writing. All children have formal handwriting lessons.

French

The Scottish Government has launched a new initiative titled 1+2 where all Primary age pupils experience a language other than English from Primary 1. We have introduced all of our pupils to French – learning words and phrases as well as learning about France.

Social Studies

In Social Studies pupils look at societies at different times (history) and in different places (geography). This will, for example, involve them in studying important people and events in the past, investigating transport and communication networks at home and further afield; and in looking at the ways our communities are run.

Visits to places of educational interest are arranged whenever possible to allow the children the opportunity of seeing things at first hand. The experiences are designed to encourage links with other areas of the curriculum so that learners have deeper, more enjoyable and more active experiences.

Science

The science curriculum within Curriculum for Excellence challenges us to ensure that all children must develop a secure understanding of important scientific concepts and that their experience of science in school should kindle a lifelong interest in science.

The science outcomes have been developed into seven areas

- Planet Earth
- Energy in the Environment
- Communication
- Forces and Motion
- Life and Cells
- Materials
- Topical Science

TECHNOLOGIES

As pupils study aspects of Technology, they learn about its impact in the home, in schools, in industry and in the wider community. They should also be given the chance to use their own skills and offer solutions to design problems, using different materials and resources.

Information Technology should involve pupils in, for example, using and learning about audio-visual equipment (such as CD and DVD), computers and a variety of computer 'applications'. St Andrew's Primary has excellent ICT resources

Expressive Arts

Drama

Using movement, mime and language. Communication, creating and presenting drama activities.

Art and Design

Drawing, painting, printing, collage, modelling and sculpture, design and appreciation of art and artists. You will see examples of the children's work displayed throughout the school.

Music

Exploring sound, using the voice and instruments. Creating and performing and appreciating. We encourage a love of music and the children enjoy performing at our Christmas Concert, Scottish Opera visits and many other events throughout the year.

In St Andrew's Primary School, we have ongoing programmes in each area of Expressive Arts – Art, Music and Drama. Each area has its own body of content which focuses on the skills and techniques to be learned. We encourage all our children to develop their talents and to enjoy all aspects of Expressive Arts. This

encourages their creative expression and fosters creative activities, important in times of greater opportunities for leisure. We showcase the talents of our children in our Christmas Nativity Play, Pantomime and various other occasions throughout the year.

Health and Wellbeing

We are a Health Promoting School.

Health and Wellbeing Education is an important part of the work of St Andrew's Primary. It is concerned with all aspects of mental, emotional social and physical wellbeing now and in the future.

Health and Well Being is subdivided into the following areas:

- Mental, emotional social and physical wellbeing
- Planning for choices and changes
- Physical education, physical activity and sport
- Food and Health
- Substance misuse
- Relationships, sexual health and parenthood.

Pupils are given well planned opportunities to learn about their own health and well being, relationships and health and safety in the environment. We encourage PE and we ensure that pupils have 2 hours quality Physical Education per week.

We are also introducing, for all classes, the 'Daily Mile' where pupils walk or run one mile every day.

Parents should note that pupil activities may be restricted because health and safety requirements state that jewellery of any kind must not be worn where pupils are undertaking games or physical activities. This includes jewellery worn as a result of body piercing.

Religious Education

In accordance with your wishes, your child is taught the doctrine, prayers and practices of the Roman Catholic Church. He/she is prepared for the reception of the Sacraments of Reconciliation, Confirmation and Holy Eucharist. With your co-operation, we encourage him/her to become a practising member of the Church and part of the parish community. The school chaplain, Father Danny McLaughlin visits each class on a regular basis. At daily prayers in class, weekly school assemblies, masses in class, school and St Andrew's Church, we all come together to worship God and share our faith.

Parents are welcome to participate in school/class masses or celebrations and are informed of these by letter.

Should any parent wish to withdraw their child from this religious programme, they should contact the Head Teacher and, if necessary, special arrangements will be made.

Spiritual, Social, Moral and Cultural Values

Parents from ethnic minority religious communities may request that their children be permitted to be absent from school in order to celebrate recognised religious events. Only written requests detailing the proposed arrangements will be considered. Appropriate requests will be granted on not more than three occasions in any one school session and the pupil noted as an authorised absentee in the register.

Sex and Relationship education is an integral part of a school's health education programme. It focuses on the physical, emotional, moral and spiritual development of all children. Teachers are central to the delivery of sex education from

Primary 1-7 and work in partnership with parents/carers and appropriate health professionals. Parents/carers will be fully informed and consulted on the content and purpose of sex and relationship education in schools, and have the opportunity to raise concerns with school staff. On an occasion where a parent/carer wishes to exercise the right to withdraw his/her child from sex and relationship education they should discuss their concerns and alternative arrangements with school staff. (as per Inverclyde Council's policy "Sexual Health and Relationship Education").

Citizenship and Enterprise Education

Both of these areas have a high priority in St Andrew's School. They develop confidence and self respect in our pupils. They help pupils to develop their decision making skills. They give them opportunities to work as part of a team and to show respect for differing opinions and other cultures. Most of all they encourage pupils to be creative and enterprising in co-operating with others as part of a team, showing care and respect for others, their opinions and their cultures.

Throughout the school year, every class has many opportunities to take part in Enterprising Activities and as well as being educational, they are always great fun!

Every teacher in St Andrew's School encourages good citizenship and an enterprising attitude in the classroom and across all areas of school life.

Additional Support for Learning

Every teacher has a responsibility to support the learning of all pupils in their class. The type of support offered will vary according to the needs of pupils. This includes consideration given to children who have a disability, children with social, emotional and behavioural difficulties, children with learning difficulties of a specific or general nature, children who are exceptionally able, those who demonstrate underachievement relating to gender issues, children whose learning has been interrupted through absence or illness, bilingual children who have English as an additional language, travelling children and those children whose family circumstances impact on attendance and learning.

If a parent considers that his or her child has additional support needs and wishes to make enquiries about this they should contact the head teacher.

Children with learning difficulties, for whatever reason eg prolonged absence, are given extra help by Mr Gillies our Learning Support Co-ordinator, Mrs. Carroll and Mrs McLean our Learning Support Teachers. The work covered by Mr Gillies, Mrs Carroll and Mrs McLean follows closely with the work done by the class teacher. This supportive work is extended to suit all levels of work within each classroom.

Multi-sensory programmes of work are developed for children with specific learning difficulties. Parents are kept fully informed of such programmes of work and are invited to school to discuss their child's progress on a regular basis.

Our Learning Support Facilities are used not only for those children experiencing difficulties, but also to encourage the more able children in their work and continue to present them with challenging resources.

It is the aim of the school to ensure that all pupils reach their full potential in all areas of the school curriculum. We have teachers trained in diagnosing Irlen Syndrome which affects visual perception.

We are very lucky in St Andrew's to have a Nurture Class where we can further meet the social, emotional and behavioural needs of all our pupils.

The School Psychologist is Ms Andrea Montgomery. Children may be referred to her for a variety of reasons, but parents are always informed first.

We will always work with parents for the benefit of the child. If a parent considers that his or her child has additional support needs and wished to make enquiries on this they should contact the Head Teacher.

Our Depute Head, Mr Gillies, co-ordinates additional support within St. Andrew's. Hee is available to talk to parents if they have any worries. Please feel free to phone for an appointment or drop in to arrange a chat.

St. Andrew's Primary and Inverclyde Council have a number of policies and procedures which support the implementation of the Education (Additional Support for Learning) (Scotland) Act 2009.

A child or young person's needs are identified at the earliest possible stage and can be met in a number of ways, for example by adaptations to the curriculum or learning environment, as well as input from the Support for Learning Teacher and on occasion support from visiting specialists. The appropriateness of the support is determined through a process of assessment, planning and monitoring, working jointly with parents and carers, and is regularly reviewed.

Learning outcomes for children and young people with additional support needs are set out in a plan and all educational establishments hold regular review meetings with parents and carers to determine needs and the most appropriate supports. Everyone's views are equally important in

order to consider what is currently working and how to determine next steps.

Children and young person's needs are identified in a number of ways, and the process of assessment is an on-going, shared process with partnerships with parents and carers at the forefront. On some occasions health service staff or other partner agencies make children known to Education Services. Other additional support needs may be notified to Education Services by parents themselves or identified by one of a range of staff working closely with the child.

Some children and young people will have additional support needs arising from complex or multiple factors which require a high degree of co-ordination of support from both education and other agencies in order that their needs can be met. In these cases, the school will hold a meeting to decide whether the child or young person meets the criteria for a co-ordinated support plan.

The coordinated support plan is a statutory document which ensures regular monitoring and review for those children and young people who have one.

You have the right to ask the education authority to establish whether your child needs a coordinated support plan. Your child can make this request themselves, if they are aged 16 or over. You and your child, if they want to, will attend a meeting with staff at their school. Other professionals from different agencies who may be involved in providing support for your child will also attend. If your child does not want to attend meetings or feels unable to, their views must still be sought and considered.

Inverclyde's mediation service can be accessed by contacting Grant McGovern, Head of Inclusive Education, Culture and Corporate Policy at the address :-

Learning outdoors using our wonderful grounds.

Homework

Regular homework is encouraged in St Andrew's Primary School as a means of reinforcing work done in school and to involve our parents in their child's school work. Teachers will inform parents of the Homework Plan for the year at the Welcome Morning/Afternoon in September and a written Homework Contract will be sent home. A variety of homework will be given. This will generally be assigned on four evenings per week. This work should not take more than 30 minutes on each evening. If Homework is not received by the teacher on a regular basis, a 'Homework Concern' letter is sent to parents to keep them informed. We always welcome your views on this.

Let us know if you would like us to arrange any parent workshops to help you with any area of your child's school work.

Some reasons for Homework:

Why?

Homework strengthens the liaison between home and school.

Homework keeps parents informed of progress.

Homework encourages parents to help and motivate their children.

Homework is useful in reinforcing work done in school (particularly when a new skill is being taught and additional practice is required).

Homework encourages initiative (eg Topic Work).

Homework enables the parent to be seen as joint educator of the child.

Homework is valuable.

Assessment

National Guidelines on Assessment have been issued to all schools. As part of the development plan, assessment procedures in the school are being revised in the light of these guidelines.

For up to date information click

<http://www.educationscotland.gov.uk/learningandteaching/assessment/index.asp>

We use formative assessment methods in class, for example, discussing the aims of lessons with the class before the lesson and recapping on what we have achieved at the end. Teachers assess continuously throughout their time in class. Pupils can decide how well they think they have done with this:

Teachers take time at the end of every day to have 'Feedback Time' when the pupils can share their experiences of the day.

Parents Evenings are held in November and May. A written report on the general development of each child is sent to parents in October and May before the Parents' Evening.

Parents are welcome at all times in the school and arrangements can easily be made for parents to discuss their child's progress at any time during the school year. We really value your input and your partnership in your child's learning.

Our assessment procedures fulfil three purposes

- To diagnose areas of difficulty
- To provide reliable information on pupil progress
- To provide the basis for communicating to parents areas of strength and concern

We use a variety of published assessment materials to monitor progress in literacy and numeracy. The information from these is used to support pupil learning and to plan additional support if required.

Home and School Links

In St Andrew's Primary School we work closely with parents and value their input into school life. Parents are kept closely informed of all the activities and happenings in the school by a monthly newsletter from the Head Teacher.

We have a hard working Parent Partnership and all associated in any way with the school are encouraged to play an active part in school life.

- Involved with their child's education and learning
- Welcomed as an active participant in the life of the school
- Encouraged to express their views on school education generally

Information must be provided on whether or not a Parent Council has been established and the reason(s) given for the non-establishment or disestablishment of a board. Information should be given about the members of the council. Details of where/how the Parent Forum can access minutes of meetings and constitution should be given.

Procedures for electing parent representatives should be set out.

The Parent Council, as a statutory body, has the right to information and advice on matters which affect children's education.

Parents who are involved on a regular basis in schools require a PVG certificate.

Our Parent Council Chairperson is Miss Lynsey Houston

Extra Curricular Activities

In St Andrew's School we offer a variety of lunch time and after school activities throughout the school year. At the moment we have an Athletics Club, Football Coaching, have P7 Sports Leaders who organise clubs and coaching for younger pupils.

We are always looking for new ways to involve our pupils so, if you have an idea for a club, please let us know.

Children Absent from School through Ill Health and Attendance at School

Parents should inform the school by telephone every morning of an absence and provide a reason for the pupil's absence. The school will contact the pupil's main contact by text message if we have not been contacted. This contact will be made in the morning and by direct phone call early after the restart after lunch in the case of an afternoon absence.

Young people of school age may be unable to attend school for a wide range of reasons including illness, accidents or long term medical conditions. In general there will be an automatic referral by the school for education out-with school after 15 days of continuous or 20 working days of intermittent absence, within a single session, for verifiable medical reasons.

Other agencies may be contacted if no contact with the pupil's family can be achieved and if there are continuing or emerging concerns about a pupil's safety or wellbeing. On return to school parents should provide a note explaining the reasons for absence.

Parents should keep the school informed of any changes of address or home and mobile telephone numbers, both their own and those of the emergency contacts.

Section 30 of the 1980 Education Act lays a duty on every parent of a child of 'school age' to ensure that their child attends school regularly. Attendance must be recorded twice a day, morning and afternoon.

Regulation 7 of The Education (School and Placing Information) (Scotland) Amendment, etc Regulations 1993 requires each child's absence from school to be recorded in the school register as authorised: i.e. approved by the authority and unauthorised: i.e. unexplained by the parent (truancy) or temporarily excluded from school.

The Scottish Government has provided guidance on the management of attendance and absence in Scottish schools in its publication *Included, Engaged and Involved- part 1: Attendance in Scottish Schools*. Every effort should be made to avoid family holidays during term time as this both disrupts the child's education and reduces learning time. It has been clarified that family holidays should not be recorded as authorised absence, except in exceptional domestic circumstances, where a family needs time together to recover from distress, or where a parent's employment is of a nature where school-holiday leave cannot be accommodated (e.g. armed services or emergency services). It is for local authorities and schools to judge when these circumstances apply and authorise absence, accordingly.

The categorisation of most term-time holidays as unauthorised absence has been a contentious issue for some families, many of whom are concerned at the higher cost of holidays during school holiday periods. The Scottish Government has no control over the pricing decisions of holiday companies or flight operators. Our main focus is to encourage parents and pupils to recognise the value of learning and the pitfalls of disrupting learning for the pupil, the rest of the class and the teacher.

Clearly where an absence occurs with no explanation from the parent, the absence is unauthorised. Schools investigate unexplained absence, and Education Services has the power to write to, interview or prosecute parents, or to refer pupils to the Children's Reporter, if necessary.

School and the Community

St Andrew's Primary School works closely with the local community.

We enjoy a very close working relationship with Aileymill Primary School. Our schools join together alternately in St Andrew's

Church and St Ninian's Church, Larkfield for the celebration of Harvest and Christmas. Our children take part in charity events and local sports activities. We also collect for local charities.

House Teams / Groups

In St. Andrew's every pupil is allocated to a House group – “..like in Hogwarts” as our pupils say. These are named after Scottish lochs – Katrine, Thom, Awe, Lomond, Ness and Fyne. Pupils earn points for their House team by displaying excellence within our core values of Honesty, Respect and Responsibility and by always trying in their learning.

Positive Relationships, positive Behaviour

We are a Rights Respecting School and this encourages a positive attitude to each other and a school as a whole.

In order that pupils can learn in a calm environment and that learning can continue without interruption and to preserve safety in the playground and corridors, pupils are expected to conform to certain rules of behaviour.

In St Andrew's Primary School, we consistently try to encourage positive attitudes and we make use of a simple merit scheme, whereby children are rewarded for good behaviour and for special effort in class.

Children are awarded with a Head Teacher's award sticker for good behaviour, work and manners.

Each staff member has a 'Good News' Book where pupils are noted for a wide number of reasons which are mentioned at our assemblies.

As you can see we positively encourage good behaviour and good manners. If any child's behaviour gives us cause for concern, we will consult with the parents immediately.

We aim to work with our parents to ensure a happy, well-disciplined working atmosphere in St Andrew's Primary School.

School Security

Doors

After the children come in at the 9am bell, all doors are closed. These are security doors and can only be opened from inside and can be opened easily by even the smallest child in an emergency. Anyone entering the building must use the front entrance. This door has a bell system with video and intercom at the right of the door. Please press for entrance. Stand in front of the panel to be seen on the video and to enable the staff member to talk to you through the intercom. All doors apart from the main door are "Pupil Only" doors.

Visitors' Badges

After ascertaining the identity of the parent/visitor, whether from the video or the intercom, the door lock is released for entry. All visitors must then report to the reception. If collecting children during school hours, school staff will tannoy for the child or go to collect them from class. If visiting any other area of the school, all visitors must sign in and wear a visitor's badge.

Supervision of Playgrounds

An adult presence is provided in playgrounds at break times in terms of the Schools (Safety and Supervision of Pupils) (Scotland) Regulations, 1990.

At Playtime and including lunchtime, the doors into the playground are open to allow children out and in with access to the toilet. All visitors are still required to come in through the front door. Adults should not walk through the playground.

There may be exceptions to the rule e.g. class masses, fetes, concerts. At these times the door will be open but managed by a member of staff. At Parents' Evenings, the door will be open and a member of staff will be present in the foyer.

Our aim is to make our school safe, happy and welcoming for everyone. These measures have been drawn up to keep the children, staff and visitors to our school safe. We welcome parents and visitors to our school, but ask that all pay special attention to our security procedures.

Clothing and Uniform

Please put your child's name on his/her clothing/uniform

Inverclyde Policy on Uniform

Given that there is substantial parental and public approval of uniform, schools in Inverclyde are free to encourage the wearing of school uniform. In encouraging the wearing of uniform account is taken in any proposals to prevent any direct or indirect discrimination on the grounds

of race or gender. Any proposals will be the subject of widespread consultation with the parents and pupils. Against this background it should be noted that it is the policy of the

Education & Lifelong Learning Committee not to insist on pupils wearing uniform or having specialist items of clothing as a prerequisite of their attending and engaging in all of the activities of the curriculum.

There are forms of dress which are unacceptable in school, such as items of clothing which:

- potentially, encourage faction (such as football colours);
 - could cause offence (such as anti-religious symbolism or political slogans);
 - could cause health and safety difficulties, such as loose fitting clothing, or clothing made from flammable material.
 - carry advertising, particularly for alcohol or tobacco;
- and could be used to inflict damage on other pupils or be used by others to do so.

In addition jewellery such as dangling earrings and large rings could cause health and safety difficulties and are unacceptable to be worn in school.

Your child or children are entitled to free school meals and a clothing grant if you receive one of the following benefits:

- **Income Support**
- **Job Seekers Allowance (income based)**
- **Part IV of the Immigration and Asylum Act 1999**
- **Child Tax Credit, but not Working Tax Credit, and where annual income is below £16,105 (in 2015/16) as assessed by the Inland Revenue**
- **Any income related element of Employment and Support Allowance**
- **Parent or carer who is in receipt of Working Tax Credit with an income below the threshold for receipt of maximum Working Tax Credit (currently below £6420) when approved by the Scottish Parliament.**

<http://www.inverclyde.gov.uk/education-and-learning/schools/clothing-grant-and-free-school-meals>

Approval of requests for such grants made by parents in different circumstances is at the discretion of the Corporate Director Education and Social Care. Information and application forms may be obtained from schools and from Education Services, Wallace Place, Greenock, PA15 1JB.

The council is concerned at the level of claims being received regarding the loss of pupils' clothing and/or personal belongings. Parents are asked to assist in this area by ensuring that valuable items and unnecessarily expensive items of clothing are not brought to school. Parents should note that the authority does not carry insurance to cover the loss of such items and any claims submitted are likely to be met only where the authority can be shown to have been negligent.

School Meals

A cafeteria system operates. Pupils may have hot meals or picnic snacks. All prices are set at £1.95. Children who receive free school meals may have the meal of their choice.

All pupils in Primary 1,2 & 3 are entitled to a free school meal, regardless of personal/family circumstances.

It should be noted that a special diet is available to any child who requires such on medical grounds.

The pupils who bring packed lunches have their meals in the school canteen. Vegetarian dishes are also available.

Information and application forms for free school meals may be obtained from schools and Education Services, Wallace Place, Greenock, PA15 1JB. In addition such children will be entitled to free milk.

Every effort is made to encourage children to choose their food sensibly. Primary 1-3 pupils are given free fruit once per week as part of "The Fruit for Schools" Project

Breakfast Club

We have a popular breakfast club in St Andrew's School every day from 8.00-9am. Breakfast Club staff run the club and the children enjoy cereal, juice and toast followed by games and physical activity in the hall. (Our numbers are limited).

Please phone the school if you would like further details.

Transport

PLEASE NOTE THAT THE TRANSPORT POLICY FOR INVERCLYDE IS CURRENTLY SUBJECT TO CONSULTATION. THE OUTCOME OF THE CONSULTATION IS EXPECTED TO BE KNOWN IN JANUARY 2017

Applications may be submitted at any time throughout the year but may be subject to delay whilst arrangements are made. The appropriate officer has discretion in special circumstances to grant permission for pupils to travel in transport provided by the authority, where spare places are available and no additional costs are incurred

Pick up Points

Where free transport is provided it may be necessary for pupils to walk a certain distance to the vehicle pick-up point.

Walking distance in total including the distance from home to the pick-up point and from the drop-off point to the school in any one direction will not exceed the authority's limits. It is the parent's responsibility to ensure that their child arrives at the pick-up point in time. It is also the parent's responsibility to ensure the child behaves in a safe and acceptable manner while boarding, travelling in and alighting from the vehicle. Misbehaviour could result in a child losing the right to free transport.

Placing Requests

PLEASE NOTE THAT THE PLACING REQUEST POLICY FOR INVERCLYDE IS CURRENTLY SUBJECT TO CONSULTATION. THE OUTCOME OF THE CONSULTATION IS EXPECTED TO BE KNOWN IN JANUARY 2017

Medical and Health Care

The children have routine medical examinations at five years of age and some at eleven years of age. A questionnaire and consent form is issued by the School Nurse. Routine hygiene examinations go on each session throughout the school. There are also hearing and eyesight tests.

In the case of minor accidents at school, the child will receive attention from Mrs Watt our First Aider. Should a child become ill at school, the parent/carer is notified and asked to accompany the child home. If they are unavailable, the emergency contact (name, address and telephone number is on a child's confidential record) is notified.

If a child has an accident, arrangements similar to those above are operated. However, if the accident is of a serious nature and immediate hospital attention is required, the Head Teacher or, if necessary, an ambulance will take the child to hospital, at the same time notifying parents either at home or at work of what is happening.

If a child has an accident, arrangements similar to those above are operated. However, if the accident is of a serious nature and immediate hospital attention is required, the Head Teacher or, if necessary, an ambulance will take the child to hospital, at the same time notifying parents either at home or at work of what is happening.

ALLERGIES/PEANUT FREE ZONE

As some of our pupils are allergic to peanuts and peanut products and could suffer an anaphylactic reaction if exposed to them we ask that children **do not bring peanuts/peanut products to school.**

INHALERS

In accordance with the National Asthma Campaign – if your child is Asthmatic please ensure they have a spare inhaler that they can keep in their class.

SCHOOL DENTIST

The school dentist visits the school annually and indicates where treatment is necessary. Parents may choose to send their child to the school dentist or to make their own arrangements.

In St Andrew's Primary School, we endeavour to promote good health in every way possible. We have a structured programme of health education throughout the school.

If parents wish to send medicine to school with a child, a medication form with details must be completed, signed and handed in to the office. (These are available from the office). Only medicines prescribed by a doctor will be administered.
Transfer to Secondary School

St Columba's High School

Pupils are normally transferred between the ages of 11½ and 12½ years, so that they will have the opportunity to complete at least 4 years of secondary education. Parents will be informed of the arrangements no later than December of the year preceding the date of transfer at the start of the new session.

Excellent liaison with the Head Teacher and staff of St Columba's High School ensures that the transition to secondary school is as easy as possible for the pupils.

Specific transition meetings occur in January/February for ASN pupils and in May for all Primary 7 pupils.

A successful outcome of the liaison has been the introduction of an induction period when the pupils from Primary 7 spend time in St Columba's High School in June of each year. They are introduced to the staff, get to know the building, the school rules

etc. They follow a secondary timetable, thus receiving an introduction to all subjects.

Staff from St Columba's work with our pupils throughout the year and liaise with our teaching staff. We have visiting teachers who work with our P7 pupils in several areas of the curriculum eg Language, Maths and Personal and Social Development.

The Head Teacher of St Columba's High School also makes arrangements to meet the parents of these pupils in the term before they enter the school. The address of St Columba's High School is:

St Columba's High School
Fletcher Avenue
Gourock
Tel. 715250

How Do I Complain?

You can complain in person at any of our offices, premises (e.g. libraries, museums, customer service centre etc.), by phone, in writing and email.

By telephone to the relevant department.

By email at comments@inverclyde.gov.uk download and print the pdf form to the left of this page or download and complete the word version.

Send your complaint by post to:

Complaints
Inverclyde Council
Municipal Buildings
Greenock
Inverclyde
PA15 1LY

It is easier for us to resolve complaints if you make them quickly and directly to the service concerned. So please talk to a member of our staff at the service you are complaining about. Then they can try to resolve any problems on the spot.

When complaining, tell us:

- your full name and address
- your contact numbers, email address and best times to contact you.
- as much information as you can about the complaint
- what has gone wrong
- how you want to resolve the matter

Information in Emergencies

We make every effort to maintain a full educational service, but on some occasions circumstances arise which lead to disruption. Schools may be affected by, for example, severe weather, temporary interruption of transport, power failures or difficulties of fuel supply. In such cases we shall do all we can to let you know about the details of closure or re-opening. We shall keep you in touch by using letters, notices in local shops and community centres, announcements in local churches and announcements in the press and on local radio.

DATA PROTECTION ACT 1998

Information on children, parents and guardian is stored on a computer system and may be used for teaching, registration, assessment and other administrative duties. The information is protected by the Data Protection Act 1998 and may only be disclosed in accordance with the Codes of Practice. For further information please contact the establishment.

Please note:

Although this information is correct at time of printing, there could be changes affecting any of the matters dealt with in the document –

(a) before the commencement or during the course of the school year in question.

(b) in relation to subsequent school years.
